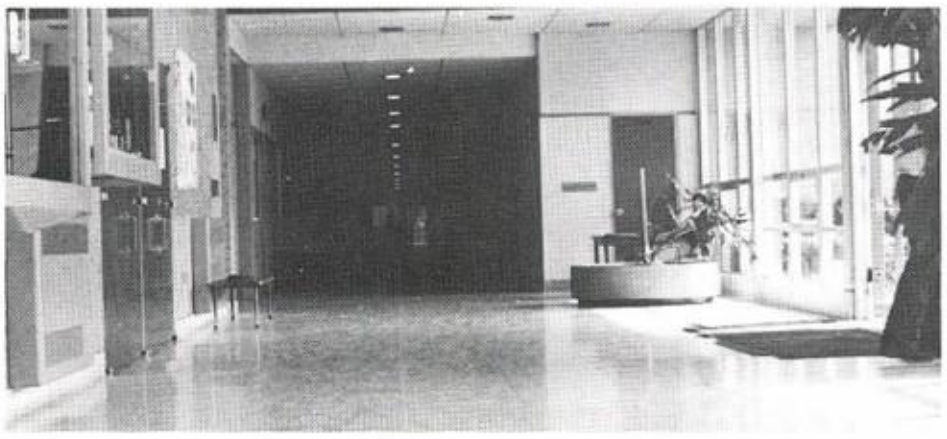
WEST BRANCH ALMA MATER

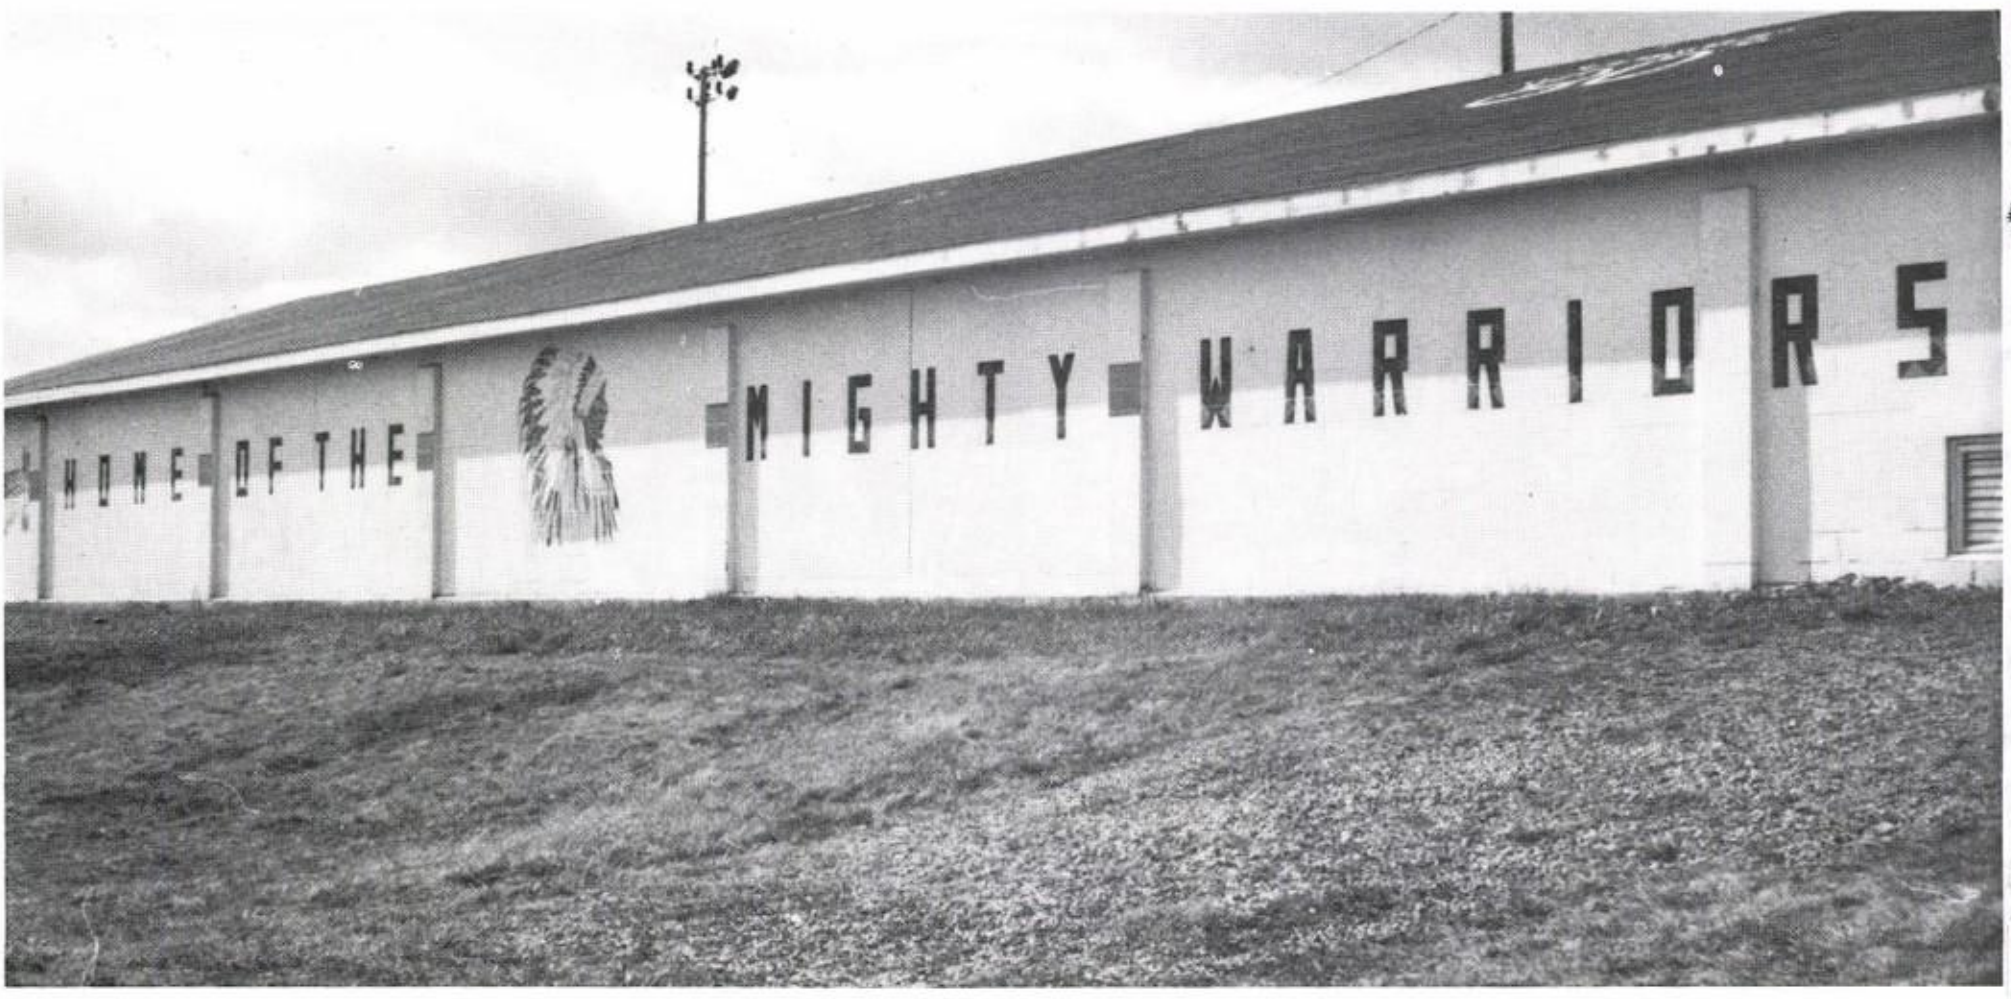
Alma Mater, hear our song,
We, who in thy hold belong;
Pledge allegiance true and strong,
To thy name, to thy name.



Here where native field and hill,
Foster strength of heart and will;
Thou has led us, lead us still,
For all time, for all time.

May our pride in work well done,
May each challenge met and won;
Honor thee as seasons run,
Only thee, only thee.

When our high school years are past,
When our paths must part at last;
West Branch we shall hold thee fast,
In our hearts, in our hearts.



OUR DEDICATION

On December 7,1980, one of our finest instructors and closest friends, Mr. Albert Zinz, quietly left this life. For many years he was deeply involved in the production of the yearbook as well as with the concerns of the student body. For this involvement and his concern for his fellowman, we will miss him dearly and remember him fondly.

So, it is with the utmost respect and the highest esteem that the *1981 Warrior* staff sadly dedicates this space to Mr. Zinz. This is not the final dedication because part of our lives will always be dedicated to him for the things he taught us and the example he set. Although we are not able to thank him personally our hearts will always say, "Mr. Zinz, we are eternally grateful."

MANSE DAVIS

Our West Branch cooks take on the tremendous task of feeding the starving masses that file through the cafeteria daily, ready to devour anything edible. With courteous and efficient service they, calm the mobs and keep them well fed. The custodians with faithful service both during and after school have kept in good repair what has suffered the constant rigors of student use. It is for this fine service that we would like to express our gratitude and appreciation to both the custodians and the cooks.

CLASS HISTORY

In the fall of 1975 we walked in the front doors shaking. In a very short time we were introduced to Mr. Carlson and his little wooden sidekick. Mrs. Marcinko was always successful in letting us know she was mad by her loud screams of anger. We were all informed by Miss Johnson that if we didn't get that gum out of our mouths we would lose 10 points off our grade.

We were big 8th graders in the fall of '76 all ready to pick at the little 7th graders. Naturally, we had a race to see who could get the least and most p's from Mr. Link for national "P"-day. Mr. Leskovan tried to keep us under control with his class participation points, and it usually worked.

In 9th grade we had Mr. Zinz for science and we weren't aware that it would be his last full year. We took our birthday swats from Mr. Condo just to see who could get the biggest welts and scream the loudest. We were also the first and last freshman class not permitted into any Senior High functions.

As sophomores we were all smiles when we found out that Mr. Smith and Miss Pearce traded places. No pop quizzes this year. We were the first class to have a fund raiser in our sophomore year and we sold Civic Pride, Civic Pride, and more Civic Pride. At the end of the year we had the pleasure of changing the style of class rings, and listening to everyone's feelings about it.

Our junior year we put on the most expensive prom in the history of W.B. We got our chance with Mr. Smith and learned all about the phrase "Close your books and take out a piece of paper."

In the fall of '80 we came back ready to move anyone in our way. The senior trip was just like the junior one, cancelled. Mr. Yeager gave us the 10 point quizzes, and we became acquainted with the IRS. Now, as the end of school draws near, we fondly remember these times that we'll never know again, but we all look forward to starting life on our own.

Remember When

Remember when Donna F. became acquainted with the "bare facts" of Mr. October?
Remember when Annette D. filled the bottle for Mr. Petrunak?
Remember when section one, fifth period art class never came?
Remember when Mr. Yeager had a "crustaceous visitor" from room 123?
Remember when we beat P.O. for the SECOND time . . . and had a police escort?
Remember when we got a wider variety of milk to choose from . . . and a higher price?
Remember when Doc Boyd hung Mr. Smith's grade book from the ceiling, and NO ONE was exempt from finals?
Remember when Miss Pearce taught Driver's Ed — without a car?
Remember when someone accidentally unplugged Mr. Petrunaks refrigerator, and the only thing in it was a DEAD FISH!?
Remember when everybody walked out because there wasn't any heat . . . and. . .
Remember when we got heat?
Remember when the Jr. High got their VERY OWN lunch period?
Remember when we were the first class to have round class rings?
Remember when the teachers dressed as cheerleaders?
Remember our first bonfire?
Remember when the basketball team got stuck at Juniata Valley?
Remember when our senior prom almost didn't happen?

ODE TO SENIORS

Back in our first days here we would walk through the doors scared to death of everything. The teachers scared you, but after you had them and the year was through you even missed them.

You would walk past the cafe on a Friday after school and wonder how it had made it through another week of us — will I ever eat a pocket sandwich again?

Did you ever walk through the halls alone and think that this is really where we grew up? We had fun times — all the joys, sorrows, laughs, and even cries we shared with one another. We grew up together, and helped each other with problems that weren't even ours. It was so easy to talk about just anything.

How we waited for the things to prove our seniority: the prom, class rings, senior pictures; but, most of all, fellowship. Of course we all had our problems and spats, but it always seemed they couldn't last too long with the people we've known for the biggest part of our lives.

Pretty soon these halls, the good old cafe, our lockers, class rings, proms, and sporting events will be a part of our past. No longer will we be walking in and out the same doors together. We will all be going our own ways; parted to pursue our own goals alone. We will no longer be struggling for the same goal together — becoming seniors. We have to go our own ways and make individuals of ourselves. All the things we once shared will just be memories — sad, happy, sorrowful, even bad: but, no matter which, they are from the past. All the screams and yells we gave to support our classmates at one time or another will be over. Why is it we can grow up together, but we can't grow old together? . . .

Some people say that seniors are show-offs and think they're great. Well, we do. Some day, when you make it, you'll be exactly the same. You see, we have to be that way to make it. Deep down we all have the same fear we did when we first walked in those doors six years ago — the fear of leaving the past and starting a future.

The Few, the proud the Juniors.

Yes, the 1981 Juniors have survived this year although they encountered many setbacks. The Juniors may not have been as active as last year's Juniors, but in our hearts we were. Many Juniors found out that they became more involved in school, club, and sporting activities than they ever were before; and they also met many more friends.

We also have the happy, warm feeling that we will be the Seniors next year.

The Sophomores this year ran into the major problem of every sophomore; Loss of Seniority. Moving from the "cream of the crop" of the Junior High, to the "low" level of the Senior High they had to undergo many changes, mainly that they were easy targets for the Juniors and the Seniors. Aside from that, they had the extreme privilege of having their own lunch period and the big event of every sophomore, ordering his class ring.

The Freshman class of 1981 will be forever enshrined in the annuals of West Branch history. They are the first freshmen ever to appear in the yearbook. Now upon the upper level of the junior high aristocracy they will only have to face being at the bottom of the ladder again as sophomores. But this is a ladder that must be climbed by everyone. To the freshman class we wish a safe, prosperous climb and that their high school years will be full of fond memories and cherished moments.

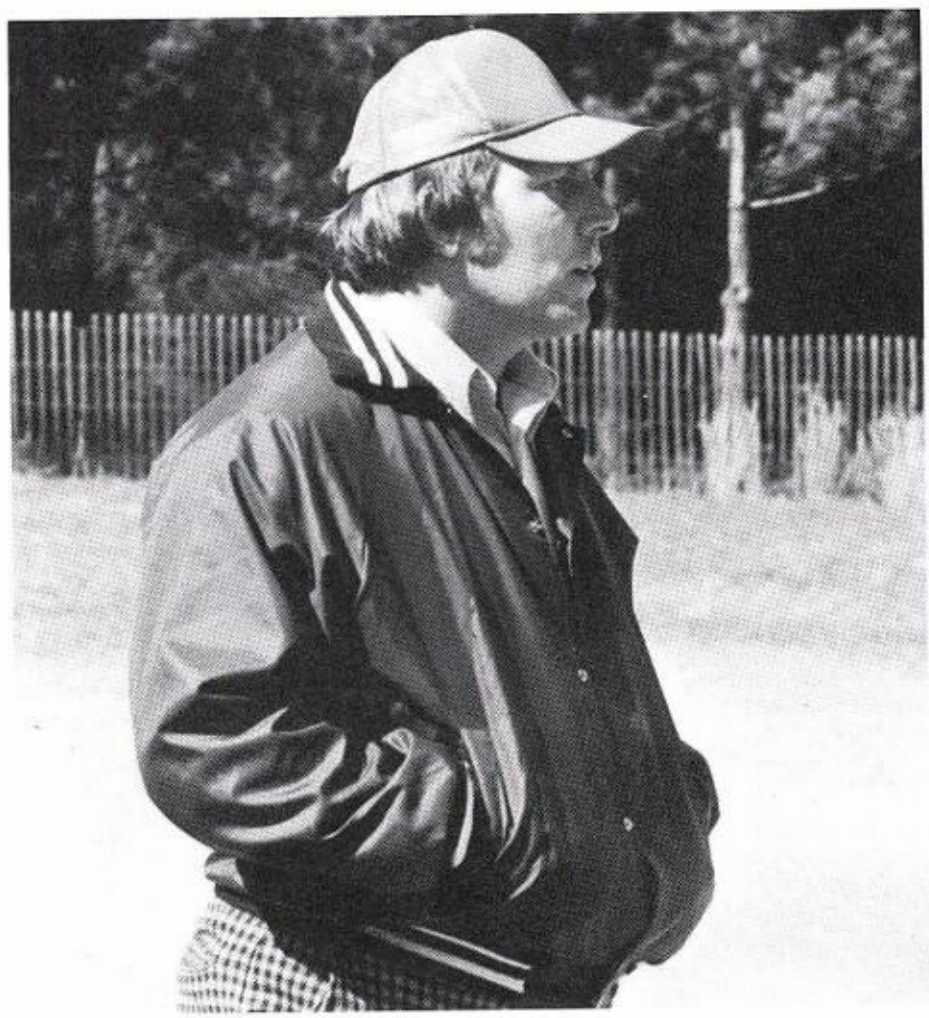
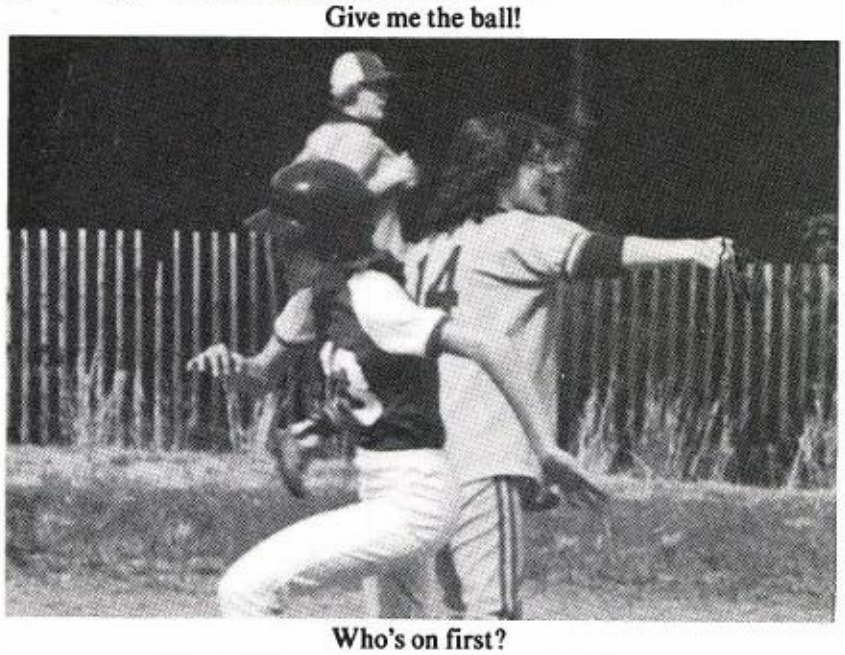
COACH MILLER



Homeward Bound!

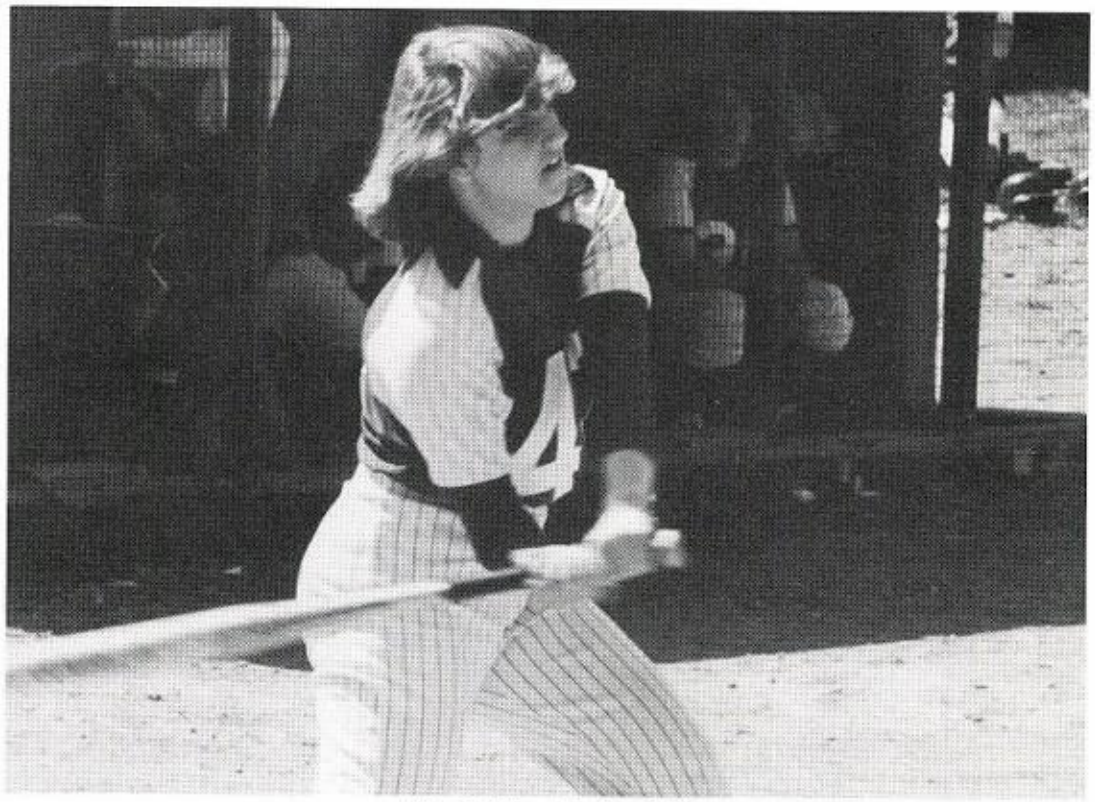
Give me the ball!



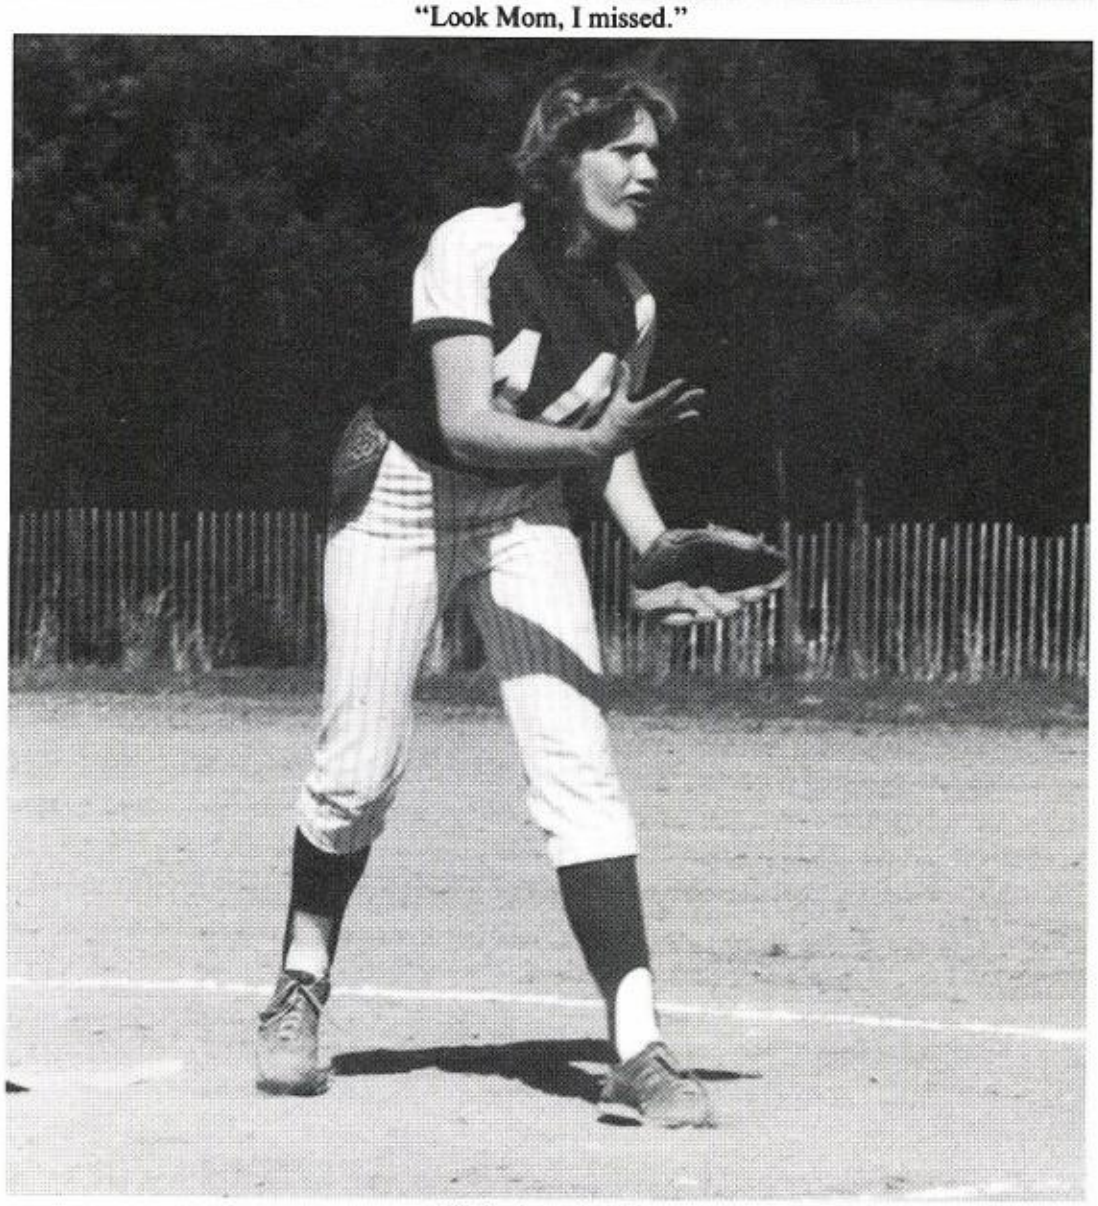
Who's on first?

Girls softball is a very popular sport that usually attracts about 150 girls every spring. Because of this, a J.V. team and a Freshman team were formed in order to allow more girls to actively participate.

The 1980 team had only three lettermen as its backbone, after having an undefeated league record and going to the state championships in Shippenburg. Although the team record was only 3-12, the girls worked hard and look forward to a great season this year, with 9 returning lettermen, and a new softball field.



"Look Mom, I missed."



"I don't want it!"

AND MORE FOOTBALL!

A new coaching staff, led by head coach, Tim Launtz and assisted by Mr. Kevin McClincy, Mr. Phil Speck, and Mr. Don Steele gave high hopes for a successful campaign way back in August. Beginning with a game over-shadowed by the threat of a teachers' strike, the Warriors reeled off nine consecutive losses. Trying to not make it sound like looking for excuses, it should be noted the opposition was usually strong this season, with only Mo Valley having a losing record of these nine opponents.

So it looked quite gloomy on the evening before the P-O game. After all, the Warriors had only beaten the Mounties once in 25 years and never on enemy turf. But a high-spirited bonfire on the eve before the game got the adrenalin flowing and the ultimate happened, with the Warriors downing the Mounties by an 8-6 score. A most happy ending to a discouraging season. All's well that ends well.

Ouch! My head.

Dance, anyone?

Where is the rest of the team?!?!?

ON THE WAY TO 8-9

The 1981 Girls' Basketball Team, which had four returning letterwinners, was able to break a few of its own records this year. In the October 20 game against Glendale, the girls broke the record for most points scored in a single game, beating them 72-29. Also in this game, all five starters went into double figures, the record for most points in a single quarter was broken (28), and Maryann Coval broke the record for assists with 11. In the Moshannon Valley League, West Branch had the best defensive team, giving up only an average 34.21 points per game. The Varsity Team also composed the best season record (8-9) that a Girls' Basketball team has ever achieved at West Branch.

On your mark, get set, GO!

Cross Country is a sport in which the winning team is determined by the team that accumulates the least amount of points. This year's Cross Country Team only won two meets, both against Bellwood-Antis. Senior Ron Nearhood had a season record of 9-2, but even his victories could not change the tide for the Warrior Harriers. The Girls' Team competed in only four meets, but did not have any victories.

Although it was a disappointing season for the varsity team, it did have a few bright spots. For the third year in a row, the team won its own Holiday Tournament. Also in this tournament, All-tournament Team members were Andy Danko and Steve Kephart, who was also M.V.P.

Another pinnacle of the season was a home game victory over the Mo Valley League undefeated Glendale Vikings. This was achieved by an excellent team effort.

The team showed improvement over the season, and will greatly miss the seniors next year.

Donna Francisko

Under the direction of director William Gabel and drum major Donna Francisko, the band has been very active during the summer. The band members endured long hard hours of practice and the piercing sound of Mr. Gabel's whistle. All the long hours of practice proved beneficial. Not only did the band participate in area parades, but also it journeyed to Florida to march through Disneyland. There band members marched along with many of the Disney characters.

Funding for this trip was obtained by the sale of Christmas candy, pretzels, and hoagies.

"Bigger and better than ever"
"Colored divider pages"
"Freshman class included"
"Larger-sized book"

These were some of the battle cries of the 1981 Yearbook staff. Under the watchful eyes of an abundance of advisors, notably Miss Pearce, Mr. Petrunak, and Mr. Rodgers, the staff worked long and hard hours to give the yearbook a new look. It was also determined that in the absence of the Editor-in-Chief that skateboards and yearbook work do not mix.

An overly-ambitious staff even took on another task when it printed a Christmas Edition of THE ARROW, which was out of publication for five years.

All in all, the staff did a great job, and upon the completion of this publication, many members turn their attention to a new beginning, namely the 1982 yearbook.

GRADUATION

BY: Art Young

Though we have grumbled and complained
More times than we can tell
About tough days here at school,
It's hard to say farewell.

Our classes oft were troublesome;
Our homework oft a chore
And there were days when we thought
We could take nothing more.

And there were nights when we dreamed of
Our home and jolly friends;
We would have given anything
To have our school days end.

Yes, we looked forward to the time
When we should graduate
And longed with greatest eagerness
For that ecstatic state.

And now that day has come at last
Now we should shout and cheer,
But, gosh, the tears flow from our eyes;
We wish we could stay here!
